

## PERFTEC R4.5U15

The Perftec range offers a wide array of holes and patterns punched into metal sheets. A large variety of metals and finishes enables designers and architects the chance to offer bespoke form and function combined with transparency, airflow and easy installation.

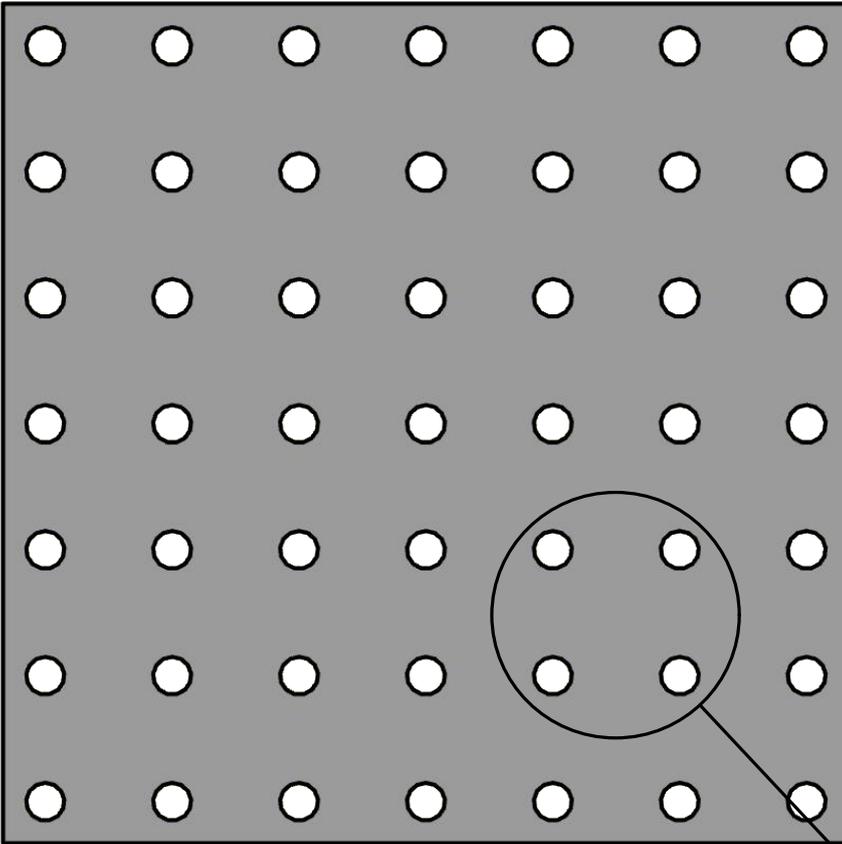

### PROPERTIES:

|                       |                                                          |
|-----------------------|----------------------------------------------------------|
| Type:                 | Perftec                                                  |
| Holes:                | R4.5U15                                                  |
| Material:             | Aluminium, Stainless Steel,<br>Mild Steel, Yellow Metals |
| Thickness:            | 1mm-4mm                                                  |
| Open Area:            | 7.10%                                                    |
| Standard Panel Sizes: | 1000mm x 2000mm<br>1250mm x 2500mm<br>1500mm x 3000mm    |
| Finishes:             | Mill, Anodised (Aluminium),<br>Powder coated, Galvanised |

### SUGGESTED APPLICATIONS:

**DIMENSIONS:**

**$r$  = Hole Size (mm)**  
 **$u$  = Pitch (mm)**
